**PPL No. 01- 012**

TO: All Local Governmental Agencies (LGAs)  
Targeted Case Management (TCM) Coordinators

SUBJECT: **TCM FEDERAL MEDICAL ASSISTANCE PERCENTAGE (FMAP) INCREASE**

The purpose of this letter is to advise LGAs that the FMAP will change effective October 1, 2001. The FMAP is used to calculate the maximum federal share for reimbursement to the LGA.

The FMAP has increased to 51.40 percent, effective for TCM services rendered from October 1, 2001 through September 30, 2002. The following chart identifies the FMAP from October 1, 1999 forward:

<b>DATES OF SERVICE</b>	<b>FMAP</b>
October 1, 1999 - September 30, 2000	51.67 percent
October 1, 2000 - September 30, 2001	51.25 percent
October 1, 2001 - September 30, 2002	51.40 percent

This increase in the FMAP does not change how an LGA submits TCM claims. The Administrative Claiming Policy and Systems Unit will calculate the federal share for reimbursement based on the prevailing FMAP for the date of service. The change in FMAP applies only to TCM claims and does not affect the federal financial participation for the MAA program.

If you have any questions, please contact Ms. Elizabeth Touhey, Chief of the Administrative Claiming Policy and Systems Unit, at (916) 657-0716 or by e-mail at [etouhey@dhs.ca.gov](mailto:etouhey@dhs.ca.gov).

Sincerely,
